Leave policy

Document ID hr-leave-policy. Owner: Practice manager. Version 3.0. Effective 12 January 2026.

Fictional document. Seapoint Smile Dental is not a real practice. Synthetic data for a software demo. Not legal advice.

1 Annual leave

Full-time staff get 15 working days of paid annual leave per year. Leave is counted in working days, Monday to Friday, excluding public holidays. Apply on the leave form to the practice manager at least 2 weeks in advance. Leave of more than 10 consecutive working days needs the practice principal's approval.

2 December closure

Working days when the practice is closed over December are taken from annual leave. Keep enough annual leave for the closure.

3 Sick leave

Staff get 30 days of paid sick leave in each 36-month cycle. During the first 6 months of employment, staff earn 1 day of sick leave for every 26 days worked. A medical certificate is needed for an absence of more than 2 consecutive days, or for sick leave taken more than twice in 8 weeks.

4 Family responsibility leave

Staff get 3 days of paid family responsibility leave per year, for the birth of a child, a sick child, or the death of a close family member.

5 Maternity and parental leave

Staff may take 4 consecutive months of maternity leave, and the practice helps with the UIF claim. Parental leave for other parents is 10 consecutive days.

6 Reporting an absence

If you are sick, phone the practice manager before 07:30 on the day. A text message is not enough.
